President's Report

It's summer time, and the living is easy, well at least easier than skiing Hardscrabble on Cannon in January (but maybe not as much fun). With the summer come work weekends. Pat is even adding an extra weekend to accommodate everyone's schedules as much as possible. Please sign up as early as you can to help in the WW planning process. Also, because our member count is a little low, please be on the lookout this summer for new families that might be a good fit for the club. There is not much more noteworthy to report, but as they sometimes say "no news is good news." I look forward to seeing everyone at the June picnic.

Membership Report

**** ATTENTION REGARDING INACTIVE MEMBERSHIP:**

Article III Section 1D Inactive Membership.

Inactive Membership is available for Family Memberships in special circumstances.

A written application for inactive membership must be sent by certified mail to the president of the club before September 15 for action by the Executive Committee before October 1.

Inactive members are reminded that the bylaws state that they may be inactive for one year and must apply to the Executive Committee for an extension, which the E Board may grant for one year. The application for the extension must be in writing (may be sent by Email) to the E Board BEFORE September 15!

Inactive Memberships shall be limited to one year unless, before expiration of that year, the Executive Committee, upon application of the inactive member, grants a one-year extension of such inactive membership to such applicant for good cause shown.

If you are on Inactive status, please contact me to give an idea of membership re-activations for next season. If you have good cause to become inactive for the next season or to extend for another year, send notice via certified mail to John Yasaitis and notify me when able for accurate numbers of Active Memberships.

Inactive members who will be returning for this upcoming ski season are required to complete a work weekend during this work weekend season of May 2013 to November 2013 in accordance with the Lexington Ski Club By-laws.

The Executive Board discussed the by-law stating that a member family may only sponsor one prospective family at a time. No changes will be made at this time. If you have more than one interested family please ask other member families to help with sponsoring. Please be willing to sponsor families for members in need of sponsors. If a question arises, please talk to an Executive Board member or the Membership Chairperson.

The McVeigh and Sabin families have completed their club visits and meeting requirements. They will meet with the Membership Committee and the Executive Board in the fall to complete the application process.

The McVeigh Family is sponsored by the Butlers and the Turner-Rossis.

The Sabin Family is sponsored by the Chans and the Sciarettas.

The Alfano Family has had to cancel their application. They hope to revisit the thought of membership sometime in the future.

Thank you,

Shari Marquis and the Membership Committee

Lodge Report

The McCarthys led Work Weekend 2, June 1-2. Thank you. We have added another WW (2B) on June 22-23, which the Marquis will lead. This has been a popular date over the years because it is right at the end of the school year. Don't miss it! Remaining WWs are

July 20-21 (Butlers)

September 28-29 (Linda Willcox)

October 19-20 (Scholls)

The November WW is still available.

Scheduled Large Groups: Butler (July 12-14: 15), McCarthy (July 25-28: 35-40), and Yasaitis (Sept. 13-15: 30). Large group hosts, please send a note to the Lodge Chair with the room "reservations" a few days before your gathering.

We are making some progress on the 2013 major projects. Fastest out of the chute is the ski tuning. We have a quote for the siding but will review the requirement before starting. The cool kitchen stuff and kitchen floor projects haven't moved forward at all. Dommage. Same with the replacement windows. The 2014/15 wood has been delivered and stacked (WW2). A furnace technician will deal with the bothersome "glitch" just after July 4. Fortunately, heating is really out of season through Labor Day.

Please send further recommendations and suggestions to Pat or John.
